

Picture Frame Backdrop

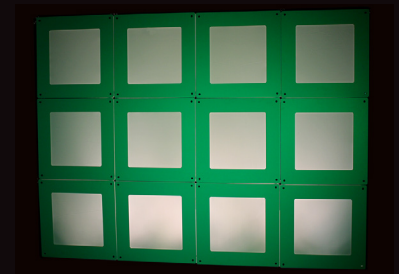

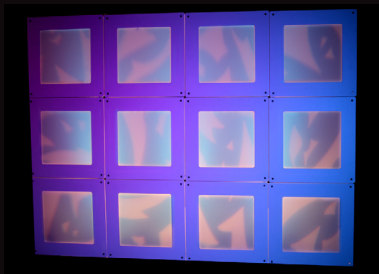

The Picture Frame Backdrop is a variable size, rigid backdrop well suited for front and back lighting and projection effects.

Constructed from 1/4" thick sintra pvc and weighing under 3 lbs each, the square Frame has a 2' x 2' outside dimension. The inside square of each Frame measures 15 5/8" x 15 5/8" and is covered by a translucent, stretched cloth.

To achieve the desired size for the event, Frames are assembled along a grid formation and joined together with quick release latches that lock out of site on the backside.

FEATURES

- Adjustable Size
- 2' x 2' Interlocking Panels
- Lightweight CNC Construction
- Quick Release Easy Assembly
- Optimized for Projection
